**Subject:** FOR YOUR REVIEW AND INPUT: FY 2019 OMB Presentation- program slide DUE: COB SEPTEMBER 12  
**Attachments:** FY19 OMB Presentation DRAFT v1 NPD slides 20170911.pptx; FY17 OMB Presentation FINAL\_09 16 2015.pptx  
**Importance:** High

Hello all,

As discussed at the NPD meeting this morning, the OMB hearing has now been scheduled for September 18<sup>th</sup>. While your presence is not requested at this time, your input is needed for the presentation that will be given. ORD has 1 hour for its presentation, therefore we will need to shorten our typical programmatic slides. Our current slides (2 per program) will need to be shorten to give a brief description of the program as well as up to 3 program highlights that represent how we support EPA's mission and its regions and the states into one slide. They should be related to either past accomplishments (FY 17) or things that are slated for future fiscal years (FY 18 and beyond). Since we do not have an appropriation yet for FY 18, funding associated with future accomplishments should be based on the FY 18 PB. But also think about whether or not future accomplishments or highlights have already been funded with FY 17 funds. In other words, are there things being funded now that will come to fruition in FY 18 and beyond?

I am also including the FY 17 OMB slides (the last time we did an OMB presentation) for your reference.

Please submit your revised slide to Eric Burman, Hyon Kim, and myself **no later than close of business tomorrow September 12, 2017**. We apologize for the short turnaround but given our truncated schedule, we are trying to get a whole draft to IOAA by COB Wednesday.

Thank you in advance for your assistance,

Jamie
